Fireworks 2021

East Side Fire District

Safety

- Do not use Fireworks in windy conditions
- Always have water handy (a garden hose or a bucket of water)
- Light only one firework at a time and move away quickly
- Do not throw fireworks or hold in your hand
- Never re-light a “dud” firework.
- Wait 15-20 minutes and then soak it with water

After Lighting Fireworks

- Soak used fireworks thoroughly in a bucket of water
- Dispose of used fireworks and debris properly

“Legal” Fireworks

- Ground spinners, fountains, sparklers, smoke devices or snakes
- Designed to remain on or near the ground and
- Do not travel outside a 15’ diameter or
- Do not emit sparks or other burning material which land outside a 20’ diameter or above a height of 20’

Please Note: Aerial Fireworks may only be managed by a licensed Pyrotechnician who has received a Special Permit from Kootenai County Sheriff’s Department or the local Fire Department (ESFD)

Illegal Fireworks

- Fireworks containing explosive material
  e.g. Firecrackers, jumping jacks, Cherry bombs, M-80s
- Fireworks that leave the ground of their own accord or fly when tossed into the air
  e.g. Skyrockets, bottle rockets, roman candles
- Fireworks designed for ground or near ground use that travel outside a 15’ diameter
- Fireworks designed for ground or near ground use that, as a means of travel, emit showers of sparks longer than 12”
- Fireworks designed for used from a stationary position the emit sparks, showers, or flaming balls, vertically, more than 20’ or from which discharged material falls beyond a twenty foot diameter.
